

# SAFETY DATA SHEET

PRODUCT NAME	1M-Potassium Nitrate Solution (Internal solution for electrode)	Data of issue	15/11/2011
		Date of revision/	3/4/2025
		Last confirmation	

## 1. Identification of the substance or mixture and the supplier

Product name	1M-Potassium Nitrate Solution (Internal solution for electrode)
SDS No.	GHS-0023E
Name of supplier	Kyoto Electronics Manufacturing Co., Ltd.
Address	68 Ninodan-cho, Shinden, Kisshoin, Minami-ku, Kyoto, Japan
Division	Quality Assurance Department
Phone	+81-75-691-4121
Fax	+81-75-691-4127
Emergency phone	+81-75-691-4125
Recommended uses and restrictions on use	
Recommended use	For analysis
Restrictions on use	When using for purposes other than those recommended, consult a specialist.

## 2. Hazard identification

GHS classification

Health hazards

Reproductive toxicity	Category 2
Specific target organ toxicity (single exposure)	Category 2(blood)
Specific target organ toxicity (repeated exposure)	Category 2(blood)

GHS label elements

Hazard pictograms

Signal words

warning

Hazard statements

H361 Suspected of damaging fertility or the unborn child.

H371 May cause damage to organs (respiratory organ)

H373 May cause damage to organs (liver, respiratory organ) through prolonged or repeated exposure.

Precautionary statement

Prevention

P260 Do not breathe dust / fume / gas / mist / vapors / spray.

P280 Wear protective gloves / protective clothing/eye protection / face protection.

Other hazards which do not result in classification

None known.

### 3. Composition/Information on ingredients

substance / mixture

mixture

Components

No.	Chemical name	CAS No.	Concentration (% w/w)	ENCS / ISHL number
1	Water	7732-18-5	90.5	–
2	Potassium Nitrate	7757-79-1	9.5	1-449

### 4. First-aid measures

General advice

Do not leave the victim unattended.

If inhaled

Remove victim to fresh air.

Call a doctor/physician if you feel unwell.

In case of skin contact

Wash off with soap and plenty of water.

If symptoms persist, contact a physician.

In case of eye contact

Rinse cautiously with water for several minutes.

Remove contact lenses, if present and easy to do. Continue rinsing.

Contact a physician immediately.

If swallowed

Rinse mouth with water.

Do NOT induce vomiting.

Never give anything by mouth if unconscious.

If large quantities of this material are swallowed, call a physician immediately.

Most important symptoms  
and effects, both acute and  
delayed

No information

Notes to physician

Treat symptomatically.

### 5. Fire-fighting measures

Suitable extinguishing media

This product does not burn itself.

Use fire extinguishing agents appropriate for the surrounding conditions.

Unsuitable extinguishing media	Large bar water
Specific hazards during fire fighting	No information available.
Specific extinguishing methods	Immediately move the container to a safe place. If moving is not possible, spray water on the container and surrounding area to cool it down. Extinguish the fire from the windward side.
Special protective equipment for fire-fighters	Use personal protective equipment.

## 6. Accidental release measures

Personal precautions, protective equipment and emergency procedures	Use personal protective equipment. Remove all sources of ignition.
Environmental precautions	Prevent further leakage or spillage if safe to do so. If the product contaminates rivers and lakes or drains inform respective authorities.
Methods and materials for containment and cleaning up	Soak up with inert absorbent material (e.g. sand, silica gel, acid binder, universal binder, sawdust). Keep in suitable, closed containers for disposal.

## 7. Handling and storage

### Handling

Advice on protection against fire and explosion	Normal measures for preventive fire protection.
Advice on safe handling	Wash skin thoroughly after handling. Do not eat, drink or smoke when using this product.
Avoidance of contact	Refer to "10 Stability and reactivity".
Hygiene measures	When using do not eat or drink. When using do not smoke. Wash hands before breaks and at the end of workday.

### Storage

Conditions for safe storage	Keep in a well-ventilated place. Store at room temperature. To maintain product quality, do not store in heat or direct sunlight. Keep container tightly closed.
Further information on storage	No decomposition if stored and applied as directed.

stability

## 8. Exposure controls/Personal protection

Threshold limit value and permissible exposure limits for each component in the work environment

Contains no substances with occupational exposure limit values.

Personal protective equipment

Respiratory protection	Suitable respiratory equipment
Hand protection material	Protective gloves
Eye protection	Safety glasses
Skin and body protection	Protective suit

## 9. Physical and chemical properties

Physical state	Liquid
Color	Colorless and transparent
Odor	Odorless
Melting point / Freezing point	No data available
Initial boiling point and boiling range	No data available
Flammability (liquids)	No data available
Lower explosion limit and upper explosion limit / flammability limit	
Upper explosion limit / Upper flammability limit	No data available
Lower explosion limit / Lower flammability limit	No data available
Flash point	No data available
Decomposition temperature	No data available
pH	5.3 at 25 °C
Autoignition temperature	No data available
Self-Accelerating decomposition temperature (SADT)	No data available
Viscosity	
Viscosity, kinematic	No data available
Solubility(ies)	
Water solubility	this product self-aqueous solution
Partition coefficient: n-octanol/water	No data available
Vapor pressure	No data available
Density and / or relative density Relative density	1.06 g/cm <sup>3</sup> at 20°C
Relative vapor density	No data available
Particle characteristics Particle size	No data available

## 10. Stability and reactivity

Reactivity	No data available
Chemical stability	Stable under normal conditions.
Possibility of hazardous reactions	Fire and explosion hazard if in contact with reducing agents. When dry, when mixed with flammable materials or organic impurities, may ignite easily and may explode upon heating or impact. When mixed with sulfur, there is a risk of explosion. Ignites when mixed with red phosphorus, aluminum, magnesium, etc.
Conditions to avoid	Sunlight, heat. Contact with flammable substances, strong acids, reducing substances, red phosphorus, aluminum, magnesium
Incompatible materials	Flammable substances, strong acids, reducing substances, red phosphorus, aluminum, magnesium
Hazardous decomposition products	Nitrogen oxides, oxygen

## 11. Toxicological information

Acute toxicity	Not classified based on available information.
Skin corrosion/irritation	Not classified based on available information.
Serious eye damage/eye irritation	Not classified based on available information.
Respiratory or skin sensitization	
Skin sensitization	Not classified based on available information.
Respiratory sensitization	Not classified based on available information.
Germ cell mutagenicity	Not classified based on available information.
Carcinogenicity	Not classified based on available information.
Reproductive toxicity	Not classified based on available information.
STOT-single exposure	Not classified based on available information.
STOT-repeated exposure	Not classified based on available information.
Aspiration toxicity	Not classified based on available information.
Remarks	No data available

## 12. Ecological information

Ecotoxicity	No data available
Persistence and degradability	No data available
Bioaccumulative potential	No data available
Mobility in soil	No data available
Hazardous to the ozone layer	Not applicable

Other adverse effects

No data available

## 13. Disposal considerations

Waste from residues	Can be incinerated, when in compliance with local regulations. Send to a licensed waste management company.
Contaminated packaging	Empty remaining contents. Empty containers should be taken to an approved waste handling site for recycling or disposal. Dispose of contents/ container to an approved waste disposal plant.

## 14. Transport information

International Regulations

Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not applicable for product as supplied.

Domestic regulation

Please refer to the law and local regulations, etc. in each country

Special precautions for user

Not applicable
